Thursday October 24th, 2024

Start time: 2 PM CET

Duration: 45min including Q&A

Topic: **Benefits of Open Access Publishing and Springer Nature Author Journey**

Publishing open access offer lots of benefits. We will explain the steps you need to take, to publish your article Open Access under a transformative agreement as a corresponding author, once your article has been accepted for publication.

We are also addressing the following topics:

- Why choosing Open Access
- Publishing under a transformative agreement
- What are the advantages of publishing Open Access?

Springer Nature Author Journey:

- Springer Nature workflow
- Open Access publishing process
- Author and article identification
- Eligibility (hybrid/fully OA)
- Support for authors

There will be also time for a Q&A session, to making sure, that you as an author make the best out of this great opportunity to publish OA.

Presenters: Natascha Pargas, Account Development Manager EE&CA

Yasemin Müller, Open Access Coordinator
